

YOU HAVE A  
**SPOT.**

TAKE YOUR  
**SHOT.**

# Are you fully vaccinated?

**You are fully vaccinated two weeks after your final dose of a COVID-19 vaccine.**

If it has been less than two weeks since your final shot for the vaccine, then you are not fully protected.

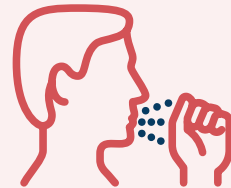

## AFTER YOU'RE FULLY VACCINATED, WHAT YOU CAN DO?

You can gather with **fully vaccinated** people indoors without wearing a mask.

You can gather with **low-risk unvaccinated people** from **one other household** without wearing a mask.

You **do not** need to stay away from others or get tested if you've been around someone who has COVID-19, unless you have symptoms.

- **Continue to protect yourself and everyone else by practicing the 3 Ws:**
  - In public
  - When visiting with unvaccinated people from multiple other households
  - Around unvaccinated people who are at high risk of getting severely ill from COVID-19

**WEAR**  
a mask over your nose and mouth.

**WAIT**  
6 feet apart. Avoid close contact.

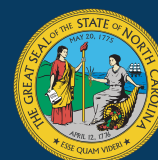

**WASH**  
your hands or use hand sanitizer.

- **Avoid large gatherings**
- **Delay domestic and international travel**
